

POLICY STATEMENT

ENVIRONMENTAL POLICY STATEMENT

Protecting the environment is of fundamental importance to **RIGHT CHOICE GROUP P/L**.

RIGHT CHOICE GROUP P/L shall address our impact on the environment through sound environmental management and practices that reflects the requirements of the international standard AS/NZS ISO 14001, as required.

Our goal is to encourage our employees, customers, and other stakeholders to share our belief and practices, where practicable.

To support this common goal, we will:

- Comply with applicable local, state, and federal environmental regulations.
- Measure and improve the environmental performance of our practices and processes.
- Protect the health and safety of our employees and surrounding communities and ecosystems.
- Use natural resources, including raw materials, energy, and water, as efficiently as possible.

We shall work to achieve these commitments by:

- Providing environmental awareness training of our employees and where appropriate establishing specific personnel to manage and supervise our initiatives.
- Evaluating products and processes from the point of view of risk of contamination, committing ourselves to finding ever better alternatives based on preventing pollution in the first place.
- Considering the risks of our raw materials and products at all stages of our productive process, placing priority on risks detected and reducing such risk through procedures and accident control equipments such as spill kits.
- Working collaboratively with our customers, suppliers, and the surrounding community where applicable, on environmental issues and environmental impact.

RIGHT CHOICE GROUP P/L will make every effort to ensure that our “duty” to reduce our impact on the environment is an integral part of performance program, and is actively practiced by all stakeholders (where practicable).

To this end, we shall set objectives and targets and shall review them, in order to improve our environmental performance and will regularly assess the environmental impacts of our operations.
